ELC SANTA BARBARA **HOMESTAY**

ELC Santa Barbara Accommodations

Homestay

At ELC, we consider homestay accommodation to be one of the most important services we offer. To most students, their homestay experience is as significant as their academic experience. Many students form lasting, rewarding relationships with their homestay families!

Homestay is cost-effective and gives students the opportunity to practice their language skills in an informal setting. Every ELC family has been through a rigorous and intensive application process. Our host families live in safe neighborhoods that are within 60 minutes by public transportation to ELC. The homestay experience offers a first-hand glimpse into life with an American family.
