ELC BOSTON **HOMESTAY**

ELC Boston Accommodations

Homestay

At ELC, we consider homestay accommodation to be one of the most important services we offer. To most students, their homestay experience is as significant as their academic experience. Many students form lasting, rewarding relationships with their homestay families!

Homestay is cost-effective and gives students the opportunity to practice their language skills in an informal setting. Every ELC family has been through a rigorous and intensive application process. Our host families live in safe neighborhoods that are within 60 minutes by public transportation to ELC. The homestay experience offers a first-hand glimpse into life in the American family.

ELC BOSTON **APARTMENTS**

ELC Boston Accommodations

ESL Townhouse
Shared and Private Apartments

The ESL Townhouse Apartments are located in Boston's Fenway area, a youthful and academic community in the heart of the city. These shared apartments have single and double rooms, a perfect option for students who want independence, a convenient location and a good price. The ESL Townhouse is within walking distance to restaurants, museums and the famous Fenway Park. The apartments are a 20-minute commute to ELC by public transportation. Shared apartments include one large private single room and one large double room with a bay window facing the park. This accommodation includes a bathroom, common area for dining, full furnishings, free wireless internet access, TV in each room, telephone with free local calls, towels and linens, laundry facilities on-site, and cleaning service of common areas every two weeks.

ESL Townhouse also offers private, independent, studio apartments that are suitable for one person or for two people booking together. The private, city-center apartments include 2 single beds or 1 double bed, study area, kitchen with dining area, bathroom and full furnishings including free wireless internet access, TV, telephone with free local calls, towels and linens, and laundry facilities on-site.
